Title: METHOD FOR DATA PROTECTION FOR REMOVABLE RECORDING
MEDIUM

RENEWED PETITION UNDER 37 CFR 1.137(b)

This renewed petition is being filed in response to a decision mailed February 16, 2007 on a previously filed petition to revive.

In the decision, the Attorney for the Office of Petitions indicated that the petitioner's representative placed the wrong filing date and the wrong title on the petition. These errors have been noted and are corrected in a Renewed Petition filed herewith.

The Attorney for the Office of Petitions further indicated that the supporting document indicated that a Notice of Allowance was misfiled before the case became abandoned, further indicating that this may be a typographical error. The attorney is correct in that it was a typographical error, as evidenced by the fact that a response to the Office Action was filed with the original petition. The Attorney for the Office of Petitions additionally indicated that it did not appear that the person signing the statement of unintentional delay had firsthand or direct knowledge of the facts and circumstances of the delay at issue.

These problems are addressed herewith with the filing of a new Statement Establishing Unintentional Delay that is signed by Michelle Fitzsimmons, who

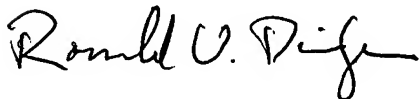

prepared, but who was unaware of the Office Action until the Notice of Abandonment had been received.

A Power of Attorney is submitted herewith, appointing Scott W. Reed, Carlos Munoz Bustamante and Ronald V. Davidge to prosecute the application.

The Attorney for the Office of Petitions further indicated that the electronic record of this application indicated that a request was submitted by Ismail Lakkis asserting that he was the inventor of the application. The Assignee insists that Ismail Lakkis is not one of the inventors, and he does not represent the Assignee in any way. All allegations made regarding a relationship between Ismail Lakkis and the present application are invalid.

A Change of Correspondence Address form is further submitted herewith by Ronald V. Davidge.

Respectfully submitted,

4. STATEMENT: The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. [NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

STATEMENT ESTABLISHING UNINTENTIONAL DELAY

I, Michelle Fitzsimmons, am a Senior Patent Administrator for Lenovo (US) in Raleigh, North Carolina.

Regarding the above-described application, the entire delay in filing the required reply from the due date for the required reply and the filing of a grantable petition under 37 CFR §1.137(b) was unintentional.

Regarding this application, an employee new to our process for handling documents received the Final Office Action and placed it in a file folder associated with this application without bringing the Final Office Action to my attention. Thus, an established process for tracking the Office Action and for forwarding it to the Patent Attorney or Agent handling the case to prepare a reply was not begun.

I became aware that the Final Office Action had been received only after receiving the Notice of Abandonment and then finding a copy of the Final Office Action in a file folder without indications that the process for handling the document had been initiated.

Respectfully submitted,

Michelle Fitzsimmons
